Foreword

*I*N designing this yearbook, the editors have had two purposes in mind: first, to give to our parents, to whom this book is dedicated, a clear concept of our activities under the dome; second, to present to the members of the Senior Class, a book of memories, treasured recollections of persons and events that have made our years at Pittsfield High School an unforgettable experience.

Dedication

*T*O YOU, our parents, wise counsellors who have guided us and dreamed with us and who have such faith in us as we may hope some day to justify, we, the Class of 1942, dedicate this book, knowing as we turn to face the future years that we do not go alone, but with your continuing love to keep us strong and your pride in us to make our every act ring true.

To Our Parents - - A Tribute

We owe to you our faith in life and God;
Our happiness is work well done for you;
For you the upward pathway have we trod—
And seen your joy in noble things we do.
You've guided, dreamed, and waited—given this—
The shining joy, the steadfast love, the pride
In every beauty we'd been prone to miss
If your strong hand had not been on our side.

This book is yours—you shaped it, gave it voice;
Your aspirations breathed upon it—light;
Accept it, then, and know that we rejoice
To offer here a token always bright
That all you gave was never given in vain;
Our sacred trust—to give it back again.

Written by Elinor Phelps.

MISS MARGARET M. KALIHHER

Our Class Adviser

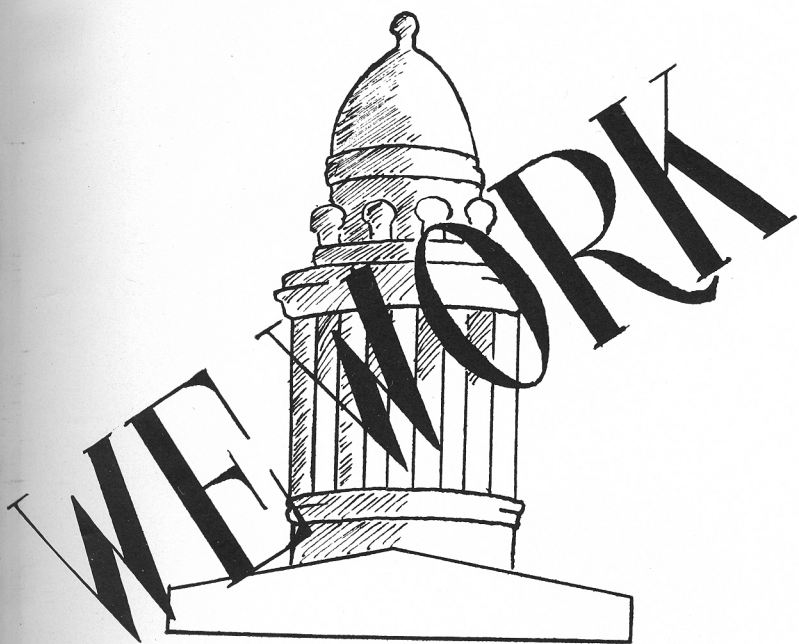

TO YOU the Class of 1942 owes an inestimable debt of gratitude. You have been our guiding light—always most gracious and willing to assist us; most modest in accepting our thanks and praise. Your captivating smile, sparkling wit, and heart of gold will be among the pleasanter thoughts on which to reflect when our high school days are but cherished memories.

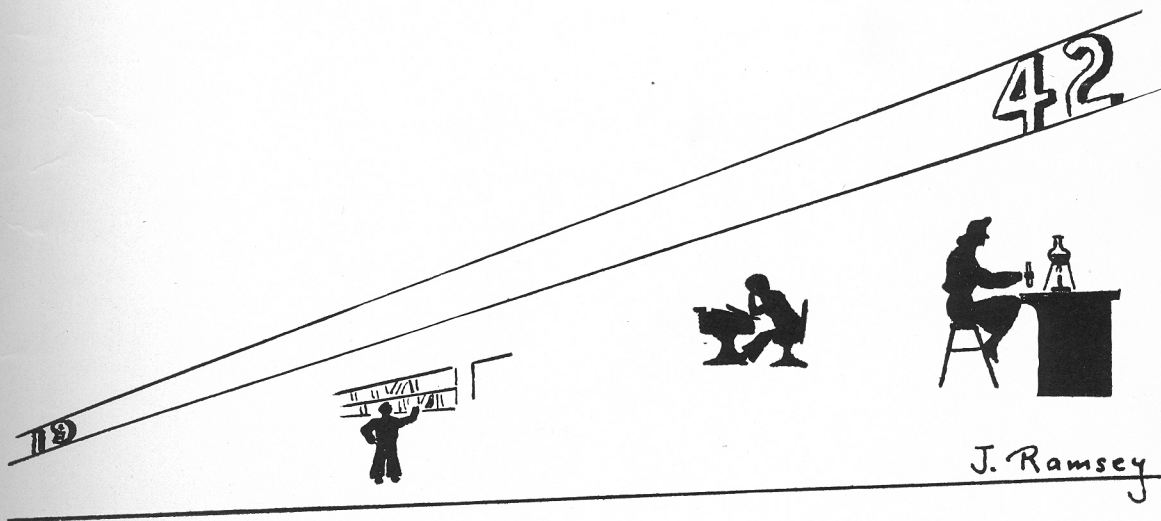

MR. WALTER REAGAN

In the handling of matters financial you have proved yourself to be unsurpassed. Through your efforts our last records will be on the credit side of the ledger. Our deepest appreciation, which your efficiency has earned for you, is well deserved.

Between the Bells

EIGHT-TWENTY-FIVE—the warning bell! Corridor gongs ringing! Locker doors slam shut; laggards, galvanized into action, dash down the halls; whispering ceases as homerooms come to order.

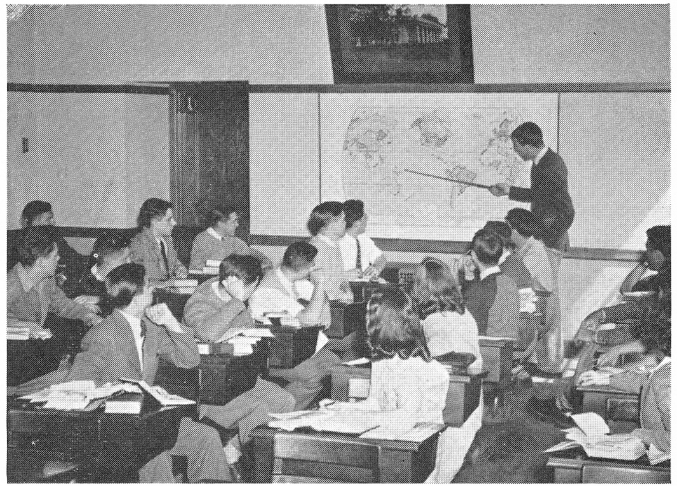

The eighty-thirty bell rings. Attendance is checked, the familiar words of the Lord's Prayer are repeated; the Oath of Allegiance is given, and the day is well begun.

For all, there are classes in English, United States History, and physical training; for some, classes in science, the languages, and mathematics; for others, the fine or the practical arts; for still others, business or industrial training.

From class to class we go, greeting friends, encountering new experiences, meeting new ideas. Our teachers, ready at their posts, give us their best, and in most cases, the response to their efforts is gratifying. Our education serves the whole man: the body is trained, the mind stimulated and developed, the spirit uplifted.

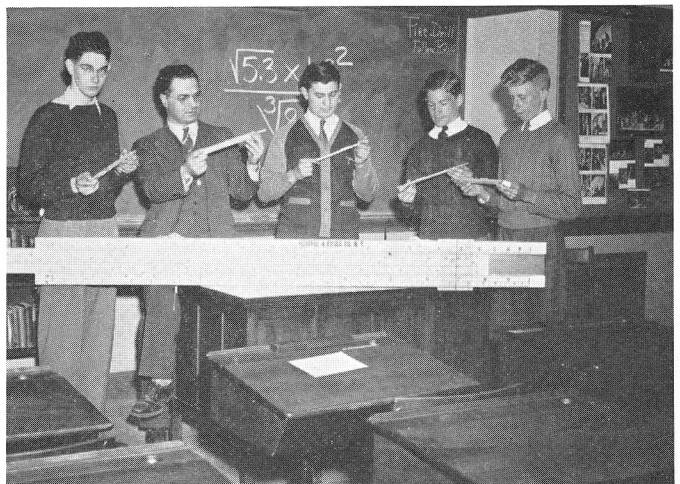

And thus the hours speed by until again the corridor gongs ring out, announcing the close of the school day—two-thirty and dismissal.

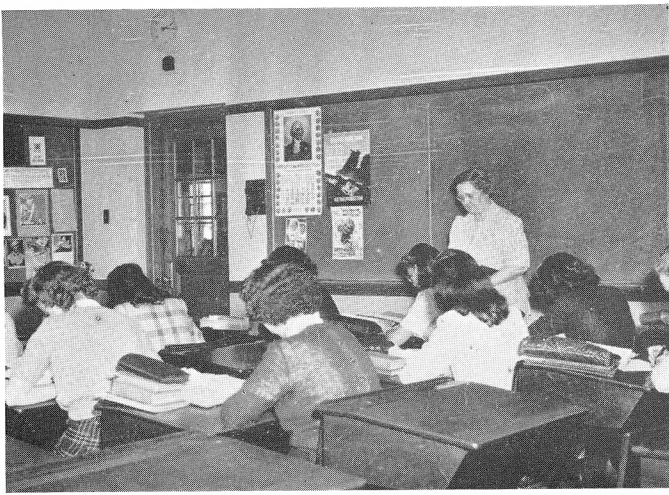

HISTORY—from Alexander to MacArthur, from Thermopylae to Corregidor, the pageant of history unfolds. The complexities of Muzzey are forgotten as man's struggle for self-realization is re-enacted. The decisions of the Supreme Court, the debates of Congress, the problems of democracy, all play a part in training for wise, useful citizenship.

SCIENCE—the odor of H_2S , the mysteries of the retort and the test-tube, chemical formulae; direct and alternating currents, the principle of the dynamo; the intestines of the frog, and the marvel of the human skeleton—these are clues to the fascination of the science labs.

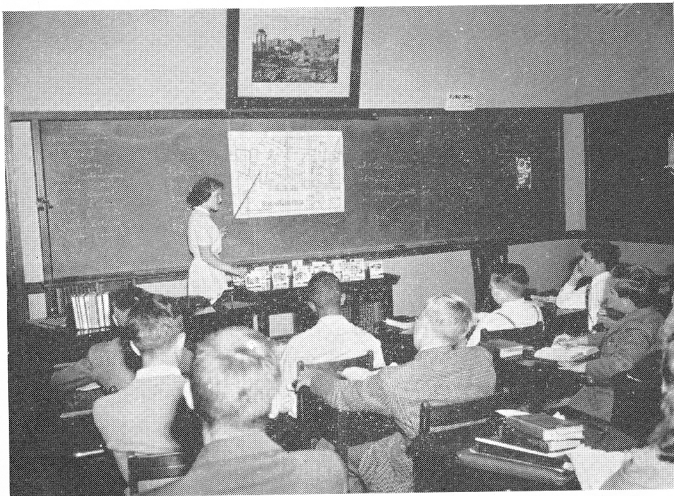

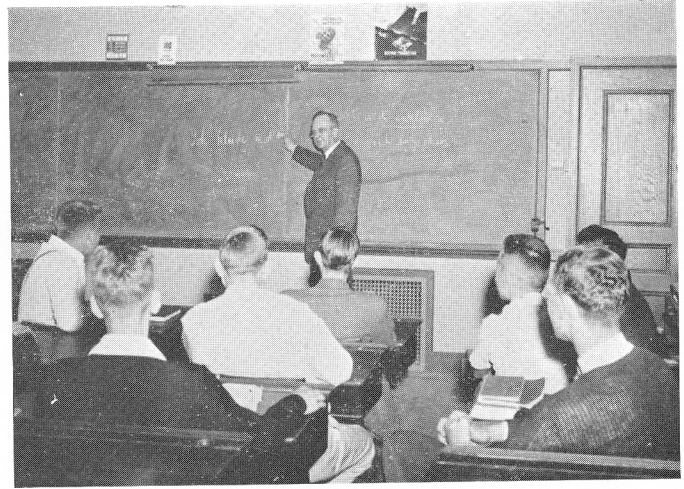

MATHEMATICS—from the simple 2 plus 2 to calculus and trigonometry we advance step by step, playing with algebraic equations, planes and solids, logarithms and progressions. The beauty that is pure science casts its spell over the alert and undistracted mind.

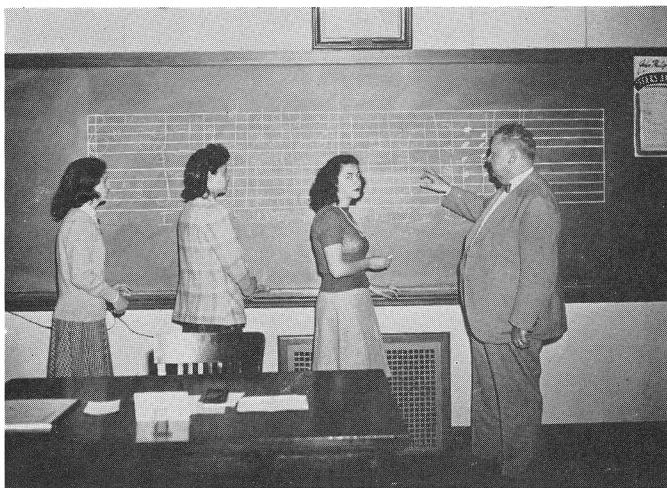

ENGLISH—the written and the spoken word; creative writing and practical, every-day speech; the gossamers of the imagination and the rough homespun of reality; the passion of Shakespeare, the music of Milton, the realism of Hardy; a bird's-eye view of literature from *Beowulf* to last night's *Eagle*—that's English.

MODERN LANGUAGES—snatches of swift (and to many of us unintelligible) speech; irregular verbs, modal auxiliaries, Spanish subjunctives; Goethe, Moliere, Cervantes, Dante, names to conjure by if you “parlez français” or any of the other foreign languages that are a major part of our curriculum.

ANCIENT LANGUAGES—“Gallia est omnis divisa in partes tres,”—words familiar to everyone who has ever taken second year Latin. The campaigns of Caesar, the wanderings of Aeneas, the fiery oratory of Cicero claim the whole-hearted devotion of the true student of the classics.

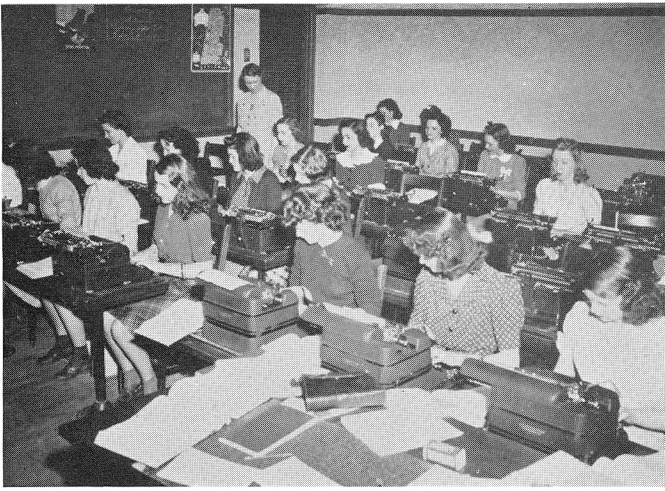

MUSIC—band, orchestra, glee clubs, operetta—delights of our leisure moments, —but the perfection of the performance is due to hours of study and practice in the music room. Here major seconds, augmented thirds, diminished sevenths are common terms, and the symphonies of Beethoven and Tschaikowsky familiar matter.

ART—both applied and fine art are produced in the drawing room, where the compass and the protractor vie in popularity with the brush and the charcoal pencil. Bent over their drawing boards and their easels, the Norman Bel-Geddess and the Grant Woods of tomorrow are cultivating their talents.

LIBRARY—nucleus of activity for three years—we read new books, enjoy the Saturday Evening Post and today's newspaper, track down our reference topics, greet our friends. A refuge from study hall; a rendezvous of kindred minds, intellectual and otherwise.

COMMERCIAL—the future secretaries, stenographers, typists, filing clerks, and comptometer operators—all get their training in the Commercial Course. Career girls in the making, these students are preparing to pluck the choicest plums on the business tree.

DOMESTIC SCIENCE—

“Man can live without love,
He can live without books,
But civilized man
Cannot live without cooks”—

And the best of them are products of our domestic science classes.

SEWING—

Needles and pins, needles and pins,
When dresses are rationed

Your trouble begins—

but the girl who takes sewing will always look as if she had just stepped from the pages of the latest issue of *Vogue*.

VOCATIONAL—machines hum, lathes shriek, presses thunder as the boys of the Vocational Course prepare to take their places in the industrial world. The machine shop is a veritable bee-hive of activity with every student bent on fitting himself for defense work.

ATHLETICS—keeping fit is more important these days than ever before. In the gym and on the playing field, boys and girls alike are developing the health, strength, and vitality necessary to meet the strenuous years ahead.

DISMISSAL—
Tick tock, tick tock,
The swift iambics of the clock;
In rhythmic beat the hours they tell
Till two-thirty brings the dismissal bell.

The Junior Prom

THERE comes to each and every student but one Junior Prom, one May evening that is his to remember for life. Our memory date is the sixteenth of May, 1941. Every Rhett Butler had his Scarlett O'Hara, and a good time was had by all. The Class of 1942 had worked fiendishly to make the prom a gala event, and all hopes and expectations were realized, when, to the tunes of Sammy Vincent's orchestra, we tripped the light fantastic.

The gym was no longer an athletic court but had been transformed into a splendor of purple and white. These colors indicated the celebration of the tenth anniversary of proms at the new P. H. S., and the mural posters recalled the fads, fashions, and features of earlier days. The color scheme was carried out attractively and appetizingly by the refreshment committee, which revealed great ingenuity in devising purple and white ice cream and cakes. To George Henderson we owe many, many thanks for his chairmanship, and to the cooperating committees our sincere appreciation. This is one night that won't need a string around the finger to be remembered.

The Christmas Tree

'Twas the week before Christmas and all through the high school the seniors were stirring—more so than usual. The reason for this commotion was the installation of a Christmas tree in the main hall for the enjoyment of the entire school. The seniors were in charge, of course, and the stirring was caused by a frantic search for tree lights, icicles, ornaments, and last—but far from least—good hard, willing labor. All these things were eventually procured, and the results were well worth any uproarious stirring.

The day before school closed for vacation the student body gathered together in the auditorium for a program. John Wilkinson, the senior president, presided. Modestino Criscitello spoke on what Christmas should mean in the world today. Present as a guest speaker was Elizabeth Urban, P.H.S. '41, now a student at the Emerson School of Speech, who gave a reading entitled, "The Shepherds and the Angels." Mr. Strout spoke to us on Christmas in the war torn world; then, the Glee Club, under the direction of Mr. Gorman, presented a program of carols that put everyone in the Christmas spirit—a fitting welcome to the Christmas holidays.

“Iolanthe”

THE members of the Senior Class are proud of what they have done and are in high hopes that their brilliant presentation of Gilbert and Sullivan's "Iolanthe" on April 16 and 17 will long be remembered by those who attended. This charming operetta was well received by the parents, the faculty, and friends, and succeeded in maintaining the high standards of acting ability set by previous classes. As the strains of the overture faded out and the curtain rose, the feel of the grease paint, the swing of the fairy wands and the heat of the footlights on the faces of the stars gave them the ease and efficiency of professionals. The audience was dazzled by the splendor of fairyland as the thrilling tale of "Iolanthe" began to unfold. Throughout the entire performance the undivided attention and enthusiasm of all pronounced the evening a success.

Among those who shone particularly in the opera were Nancy MacVeigh, as Phyllis, a ward in chancery, and Calvin Tainter, who gave a skilled and interesting interpretation of Strephon, an Arcadian shepherd in love with Phyllis. Florence Gomes played exquisitely the part of Iolanthe, a banished fairy, mother of Strephon. Phyllis Cooley should receive honor and praise as the Queen of the Fairies, while Florence Ward, Patricia Smith, and June Messer were her lovely fairy attendants. Donald Lucier and Bruce Miller, graduates who returned to Pittsfield High for the performance, gave spirited portrayals in their respective roles; and we shall never forget Frank Barreca, the Earl of Mountararat, and Alexander Cullen as Private Willis.

Barbara Barrett's prowess at the piano is indisputable; she has always been our indispensable accompanist. Handshakes and applause must also be given to the following chairmen and to their capable committees: Robert Davis, the general chairman; Clarence Brower, chairman of publicity; Ruth White, chairman of the program committee; William Deminoff, chairman of tickets; Jonathan Duker and his stage crew; Alma Kingsley and Paul Knollmeyer, chairmen of ushers and doormen.

Mr. Gorman has remained the backbone of all the operetta performances, his inspiration, patience, and devotion being responsible for the good work done by the Class of 1942. Hurrah for Gilbert and Sullivan! Hurrah for Mr. Gorman!

Football Review

THE football team made an auspicious opening for Pittsfield High's sport year of 1941-42. The team, comprised of a majority of seniors, was determined to compile a better record than its two immediate predecessors, who had won only one game in two seasons. The task was ably accomplished, for the final records show that out of eight contests which the team played they won five, lost two, and tied one.

The team opened the season by overwhelming Dalton 19-0, a spectacular fifty-yard run by Kelley being the feature of the game. On the following Saturday, a capacity crowd at Dorothy Deming Park witnessed one of the most thrilling interscholastic football games in a decade. With but six minutes of the game left to play, the score read Greenfield 12—Pittsfield 0. However, the home town boys went on a rampage and scored 13 points to win the game. Pittsfield's final 7 points came in the very last minute of play when Captain Procopio snatched a pass out of the ozone and fought his way across the goal-line. Then Mezejewski, literally "as cool as a cucumber", dropped back and booted the extra point. The following week, on a sweltering Saturday afternoon, Pittsfield was thoroughly beaten by the powerful Springfield Tech squad, the final score being 12-0. Pittsfield, on the succeeding Saturday, was at home once more, and with the line and backs functioning as a unit, the team rolled over Albany Academy by a score of 19-0. Adams High then came to Pittsfield for a short, but profitable stay. Displaying a fine array of speedy backs and tricky plays, Adams defeated Pittsfield 19-0. On the following Saturday the team journeyed to North Adams where, filled with a thought of vengeance for its loss of the previous week, they trounced the highly-rated Drury aggregation 6-0. The score tells only half the battle, however, for it does not indicate that Drury was a badly beaten football club when the contest ended. The end of the next game found Pittsfield and Poughkeepsie in a 7-7 deadlock after sloshing and skidding around in a torrential downpour for the better part of the afternoon. Pittsfield ended its season Armistice Day by defeating its time-honored city rival, St. Joe, by a score of 20-0. The team, using juggernaut tactics, made this game a glorious end to a very successful season.

Basketball Review, 1941-42

THE fighting, purple-clad hoopsters of Pittsfield High were defeated by Searles in the first game of the season, an exhibition game, in which the south-Berkshire school nosed out the P. H. S. quintet by two points. No one who saw that contest would have had the temerity to predict that before the season ended, the Shire City five would rise to the heights of stardom.

Yet, as the season progressed, Pittsfield began to develop in skill and endurance. Like a great juggernaut the team rumbled on over smaller opponents, Bennington and Dalton giving way before it. Then came the first Drury game, and with it came defeat. The next game was played with Adams, and again defeat.

In January and February, Pittsfield steam-rolled through all her smaller opposition, St. Joe of North Adams, Williamstown, St. Joe of Pittsfield, Bennington, and Dalton, all bowing before her. The experts, however, saw only defeat in store as the Drury game came up. There was, it is true, a glimmer of hope, for Adams had the previous week defeated Drury in a close game; and what man has done, man can do again. The fateful night saw a closely fought contest with well deserved victory, 30-27, for the plucky lads of Pittsfield High. The blitzkrieg continued, and six days later, Adams fell victim by a score of 33-32.

For the first time in the season, Pittsfield was in the basketball spot-light. From a ten watt team at the beginning of the season, she had burst forth into a veritable power-house. The result—a triple tie in the Northern Berkshire League. In the play-off, Adams drew the bye. Pittsfield defeated Drury in the finals, and Adams nosed out P. H. S., 34-28.

It was an exciting season for the team, the school and the basketball fans. If one were awarding honors for excellent performance, every member of the team would merit an award, with tops going to Captain George Henderson and Ted Mezejewski, who were chosen for the All-Berkshire Basketball Team of 1942.

SKI TEAM

Back Row: Edward Jadatz, Clarence Brower, Malcolm Carsley, Harding Whitham, Boris Grechan
Front Row: Robert Rash, Wesley Ashley, Gordon Milne

Ski Team

THE members of the Pittsfield High Ski Team thoroughly believe in split-second timing. On February 28, the squad beat Deerfield Academy by the narrow margin of four-tenths of a point in total scoring for downhill, cross-country, and slalom, thereby winning the Berkshire Interscholastic Championship Meet.

The downhill race was run on the Ghost Trail just before noon. Malcolm Carsley of P. H. S. sped down the trail to win by almost three seconds. Wesley Ashley, fifth, Ed Jadatz, tenth, Boris Grechan, and Harding Whitham comprised the team, winning this first event easily.

The slalom race was run on the Lulu Slope in the afternoon, and was also won very easily by Carsley. He was timed at 48 seconds for the tricky 17-gate course. However, the team did not fare so well in this event, and finished second to Deerfield.

Led by Malcolm Carsley, captain of the team, Mr. Leahy's boys ran the three-mile cross-country course through the birch-studded slopes of Pine Mountain to finish well in first place. Carsley, fighting for his third successive win, ran the route in twenty minutes—46 seconds faster than the number two man. By winning the cross-country race, Carsley took possession of the Besse-Clarke Trophy.

Hockey Review

THROUGH the winter months of 1941 and 1942 the Pittsfield hockey team won six out of nine games, one of its best records in recent years. The most outstanding game played was against Holyoke High in the Western Massachusetts Tournament, in which Pittsfield won by a score of 6 to 2, after being beaten by the same team three weeks before.

In the first two games they were beaten by Westfield 2-1 and Holyoke 4-1, the main reason being lack of practice, caused by poor ice. The third game came with a 3-2 victory over Cathedral High of Springfield. This win started a five game winning streak that ended with defeat in the Western Massachusetts semi-finals by Athol High 3-1. The final game of the season was played in Williamstown against the Williams College freshmen. Pittsfield led 2-0 at the end of the first period, when the game was called because of poor ice.

Considering the condition of the ice and the lack of practice, the team had, on the whole, a successful season.

CHEER LEADERS

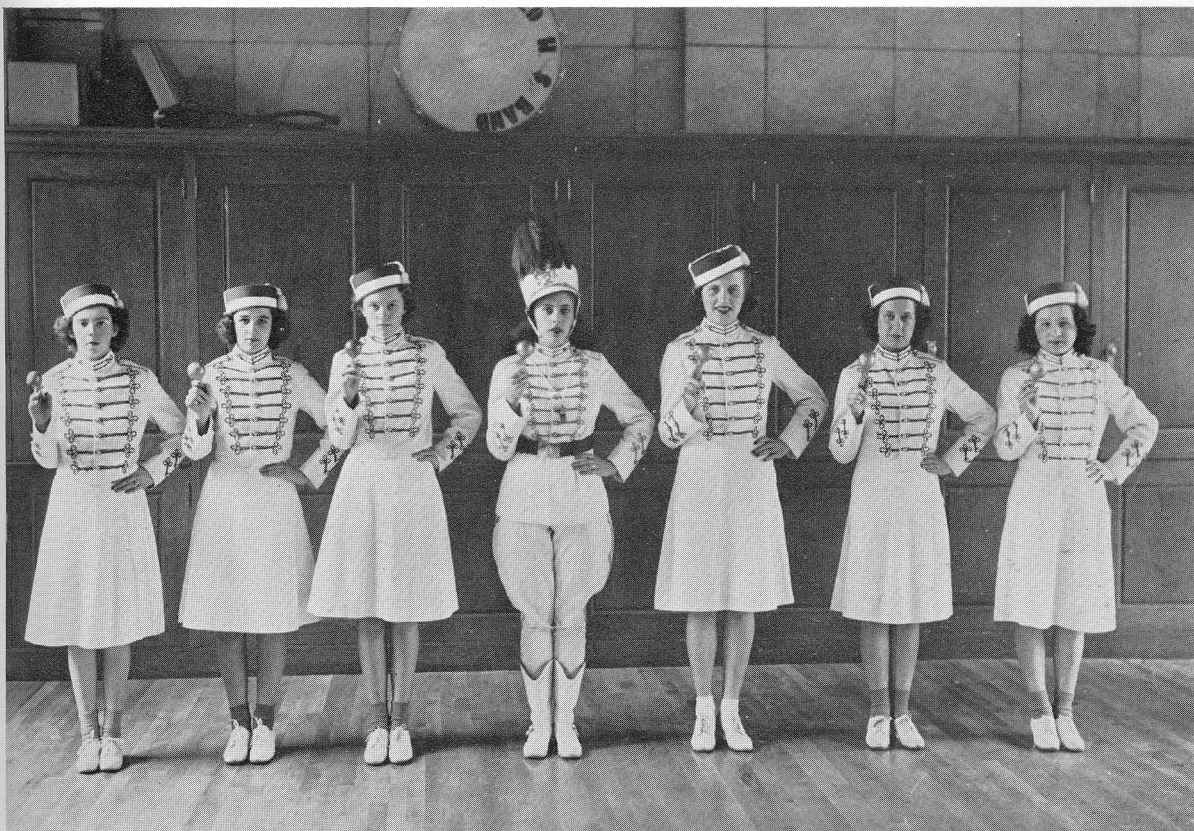

1st Row: Barbara Conroy, Celia Conroy, Yvonne Carmel, Ruth Holden

2nd Row: June Parker, Betty Westover, Katherine Zofrea, Jean Miller, Charlotte Scafe

Cheer Leaders

SOMETHING new has been added this year to make our sports department complete. In the past we have felt that other high schools were a step ahead of us, but now we have our own girl cheer leaders. Nine pretty lassies, all dressed up in purple and white, cheer for all they are worth at our athletic contests. They have been the inspiration for the bigger and better cheers with which we urged our teams to victory.

The group will be losing three members by graduation, when Barbara Conroy, Cecilia Conroy, and Jean Miller receive their diplomas; the remaining girls, however, together with new girls, will, we are sure, carry on the fine work begun this year.

THE MAJORETTES

From left to right: Dorothy Legge, Ardath Coe, Jane Blackburn, Anna Roberts, Drum Major; Marjorie McGrane, Laura Easland, Grace Polidoro

The Majorettes

THE most important addition for the benefit of school morale during the 1941-42 school season was this group of drum majorettes who made their first appearance on October 11 at the Dorothy Deming Field. Since that time they have participated in the school activity during the halves at our football games, and have very graciously represented our school in many parades and celebrations throughout the city.

GIRLS' SENIOR BASKETBALL TEAM

Front Row: Dorothy Miller, Kathryn Monteleone, Jennie Morowski, Alma Kingsley
Back Row: Georgia Diamond, Wanda Woitkoski, Ann Kennedy, Anna Woitkoski

Basketball

THE record of the 1942 girls' basketball team is a gratifying one, and it shows that we have top-flight players, even though they are not always tournament winners. Although as sophomores the team did not gain first honors in their basketball tournament, they proudly claimed a complete victory over the juniors. The following year, defeating both sophomores and seniors, the 1942 girls succeeded in carrying off the highest honors. The members of the teams have been Georgia Diamond, Ruth Farrell, Lillian Hogue, Ann Kennedy, Alma Kingsley, Frances Londergan, Dorothy Miller, Irene Morowski, Jennie Morowski, Anne Woitkoski, and Wanda Woitkoski. This year's tournament was lost to the juniors by a slight margin.

Archery

WHEN we were sophomores we took a fancy to archery; and, although we did not excel in the tournament, we paved the way for future years. The next year Annabelle Sookey placed third in the advanced archery, and in our senior year Frances Londergan came in second.

This year five girls from our class have distinguished themselves as skilled marksmen. They are Wanda Woitkoski, Frances Londergan, Genevieve Sherry, Beverly Roman, and Marjorie McGrane.

VOLLEYBALL TEAM

Anna Woitkoski, Irene Morowski, Nettie Sarro, Frances Londergan, Jennie Morowski,
Wanda Woitkoski, Dorothy Miller

Volleyball

IN the first volleyball tournament back in the fall of '39, the 1942 team won only one game. Our defeats, however, did not worry us very much, for we could offer the excuse—"We're only sophomores; what can you expect?" The next year we were determined to show our real skill and, true to our hopes, we surged ahead and won the tournament. Winning top honors once was not enough; so this year we kept up the good work and defeated the underclassmen to maintain our position as high scorers in volleyball. The girls who were members of at least one of the three teams are Rena Grabicki, Edith Gould, Mary Rita Hagan, Jennie Morowski, Ruth Whitaker, Wanda Woitkoski, Georgia Diamond, Lillian Hague, Dorothy Miller, Frances Londergan, Irene Morowski, Ruth Green, Ann Woitkoski, and Nettie Sarra. Our scores for this year's tournament are as follows:

Seniors 48—Sophomores 18

Seniors 40—Juniors 36

Seniors 44—Sophomores 10

Seniors 33—Juniors 36

Seniors 36—Juniors 35

Athletes of the Class of 1942

THIS is meant to be a recording of the athletes of the graduating class of 1942, but it may very probably turn out to be a list of American heroes of World War II. The war has produced many heroes for the United States, a high percentage of whom have been former athletes. General MacArthur has been quoted as saying during the midst of the battle for the Philippines, "The best officers in my army are former athletes." Therefore, it is highly probable that among the graduating athletes of our class there may be one or more future heroes. The fellows, because of their training on the athletic field, certainly are well fitted for service in the armed forces, and if the competitive spirit developed in sports is shown by them during their careers in the service, they will undoubtedly be rewarded with honors and glory. However, though the future is undetermined, the past is a matter of record, and on that record shine the names and achievements of the star athletes of 1942.

Tony Procopio—Captain of the football team and a valuable member of the baseball and basketball squads.

George Henderson—Captain of the basketball team, who, because of his fine play, was chosen an all-Berkshire forward.

Bob Tone—Leader of the baseball team and an excellent hitter.

Harding Whitham—Track captain and the fastest half-miler ever to represent Pittsfield.

Bill King—Hockey captain and baseball infielder, whose cleverness baffled the opposition in both sports.

Ted Mezejewski—Three sport star and probably the best athlete in the class.

Gerry Kelley—Because of his hard play he was chosen all-Berkshire fullback.

Leo Sammon—He participated in football, basketball, and baseball and was the most popular player among his team-mates.

Pat Molinari—Football halfback and miler whose stamina in both of these sports was amazing.

Andy Walak—The "Moose" was an all-Berkshire guard in football and a smooth third baseman in baseball.

Malcolm Carsley—Probably the best schoolboy skier in Western Massachusetts.

Jack Carmody—His defensive play in both football and hockey saved many a game for Pittsfield.

Jack Haley—As a member of the football and basketball teams, he played at any and all positions with a great deal of ability.

Ed Bramley—Although he was injured early in the season, Ed's excellent play as a guard on the football team won him all-Western Massachusetts honors.

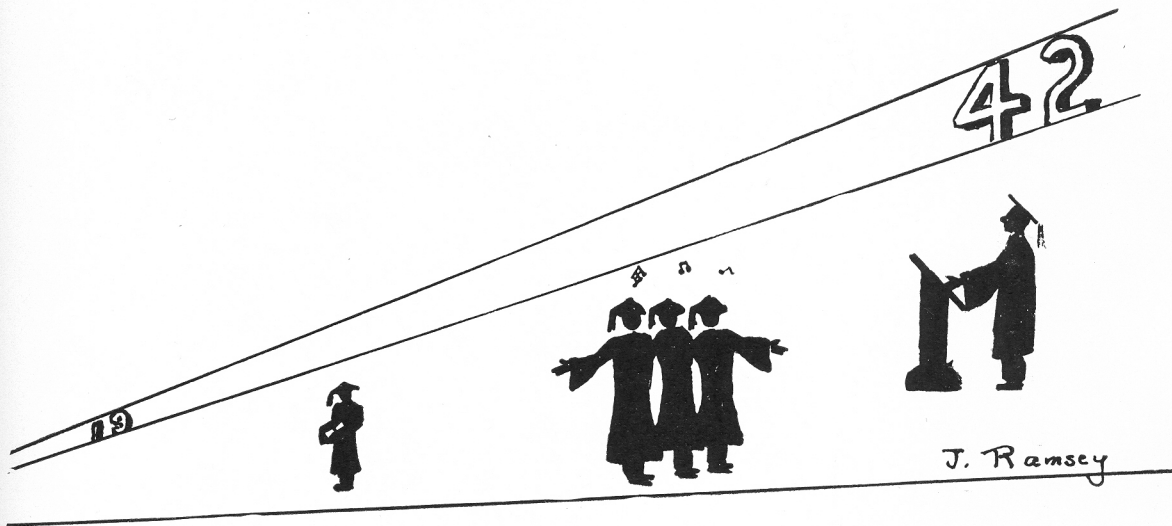

Tony DePietro—One of the basketball team's most prolific scorers.

Roger Driscoll—Pittsfield's big tackle who won all-Berkshire distinction. He also happens to be a very good rifle shot.

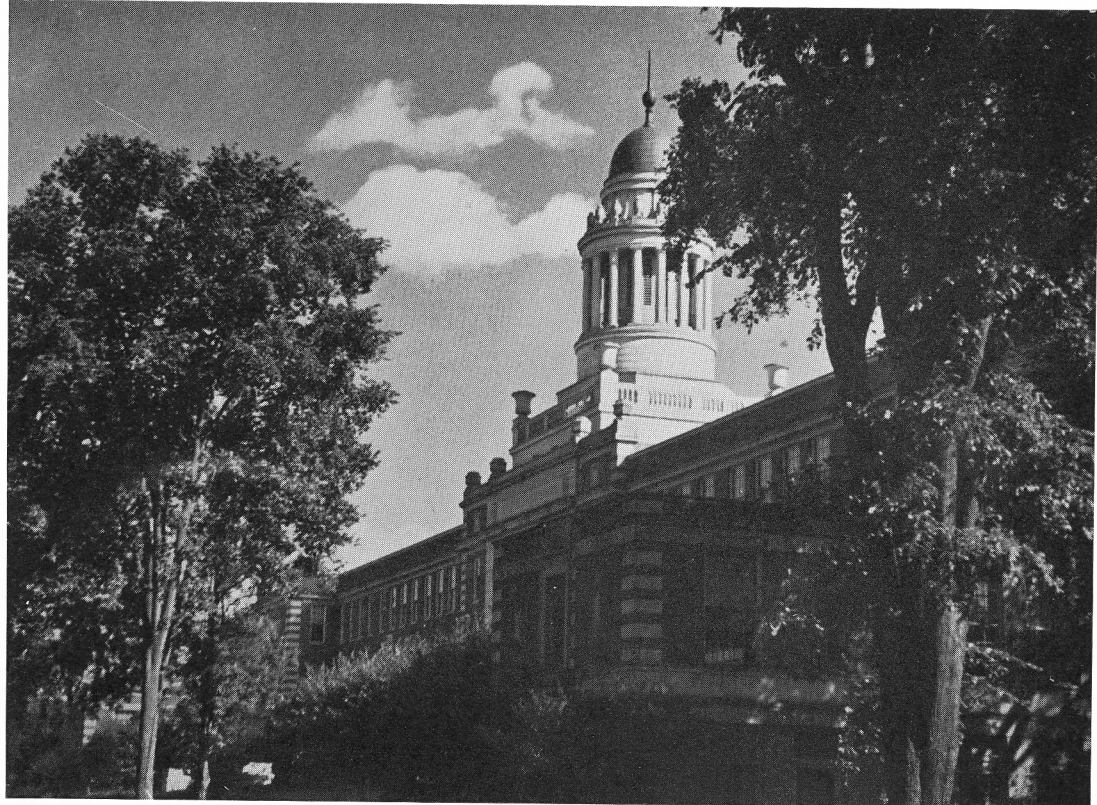

Frank Grosso—The smallest member of the team in football, but a fellow who wouldn't back up an inch. Because of this he was awarded an all-Berkshire team place.

and wonder what will be our faith.*

Alma Mater Song

By ESTHER KIERSTEAD '38 and FRIEND KIERSTEAD, JR. '39

Tune: "All Through the Night"

Guardian elm trees cast their shadows
O'er thy ivied walls;
Sons and daughters ever loyal
Throng thy honored halls.
Pittsfield High School, Pittsfield High School
Alma Mater dear,
Help us to preserve thy honor
Through each coming year.

Great has been thy former record,
Greater will it be,
As the future generations
Sing their praise to thee.
Proud are we who through thy portals
Into life do pass;
Help us ever to be worthy
Each and every class.
Pittsfield High School, Pittsfield High School
Alma Mater dear,
Help us to preserve thy honor
Through each coming year.

In Memoriam

“You are not dead—Life has but set you free.

Your years of life were like a lovely song,

The last sweet, poignant notes of which, held long,
Passed into silence while we listened, we
Who loved you, listened still expectantly.

And we about you, whom you moved among

Would feel that grief for you were surely wrong—
You have but passed beyond where we can see.”

Eternal Friendship

Death does not end our friendship true,
We all are debtors to the dead;
There, wait on everything we do—
The splendid souls who've gone ahead.
To them I hold that we are bound
By double pledges to be fine,
Who once has had a friend has found
The link 'twixt mortal and divine.

JOAN COLLINS

EVERYONE agrees that America is great. Yet it is a difficult task to single out among the numerous Americans who have distinguished themselves in various fields, the men who have made our country so important. We have had outstanding presidents, brilliant statesmen, inspired poets, and clever inventors who have been acclaimed by all the world. But the list of eminent Americans cannot end here, for there are others in many different fields who, due to their noteworthy deeds, have rendered in their own way a remarkable service to our country.

Still, unbelievable as it may seem, there is a man who has been a shining light in every walk of life. He is undoubtedly the greatest man in America. He is John Doe. This rare person has lived for generations. Everyone knows him and has always known him because he started his ingenious work when our country was in its infancy.

He stepped upon the stage to play his role simultaneously with the rising of the curtain on the pageant of America. He lived through that first winter at Jamestown, fighting cold and hunger; and, managing to survive, he greeted the first spring joyously. His roots were planted in American soil this first year, and they can still be found today—three hundred and some odd years later.

Male and female counterparts of this common yet great man began to appear in large numbers, until they populated thirteen colonies that bordered on the eastern seaboard. And finally, these ordinary men banded together in a single cause when they at last demanded freedom from the unjust rule of a domineering mother country. The John Does of America were at Bunker Hill. They were also at Valley Forge that memorable winter, paying for liberty with bloody, frozen feet—a price they considered as nothing when the purchase was such a glorious one. They were at Saratoga and Yorktown. Yes, they managed to carry guns in every battle. They gave their all to the fight in their own simple way. Yet, it has been said that "The greatest truths are the simplest; and so are the greatest men."

We were fortunate to have such very learned men as the founding fathers of the Constitution. These far-sighted individuals worked unwearyingly, looking into the future as they planned the written law of the land. There were present at the Constitutional Convention delegates largely representing the property-holding class of people. These included lawyers, government officials, financiers, plantation owners, and even soldiers. Yet John Doe was there, too, and he was pleading for the cause of the common people. His suggestions were to benefit all classes, not just the privileged. He was the middle way; he was unprejudiced.

Then came ratification and adoption. A new government, giving to its people the natural rights they deserved, giving them the power no other nation gives to its members, was ready to be tested. The first office holders were able as well as non-

partisan in their outlook. The pendulum began to swing with a steady movement. But it was not very long before the non-partisan element gave way to two distinct political parties. Now, two men with different opinions vied with each other to fill every office. These contestants, as have all others since that time, considered John Doe very cautiously. For, whomever this important man favored would be victorious in the election.

The thirteen colonies and the four million people of 1790 could not bind in the rapidly growing nation. There was to the west a vast stretch of land, rich in natural resources, but as yet a wilderness. Hardy explorers had penetrated its depths and had even trekked a pathway to the Pacific coast. They beat the paths but did not settle. This latter task was left to John Doe, who, with his friends, pushed the frontier farther and farther toward the west. He had to withstand the attacks of Indian tribes, of hunger, cold, and poverty. He was a pioneer, a builder, the man who bore the burden, that those who followed might find safety and a real home.

The frontier did not last very long, and soon the term "frontiersman" became a thing of the past. The West was quickly becoming populated, and Indian raids were fewer and far between. Conditions in general were prosperous in comparison with the critical colonial period. But all the troubles were far from being solved. A larger nation brought greater problems for John Doe to shoulder; but, in his usual competent manner, he came through with flying colors.

Probably the greatest problem of all was World War Number One—which we fought to preserve our freedom on the seas. John Doe went "Over There" with the "Yanks;" he bought Liberty Bonds to finance the huge costs of modern warfare; and he brought out of "Tin Pan Alley" songs that started all Americans singing in a victory tempo.

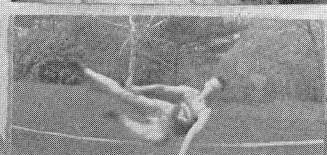

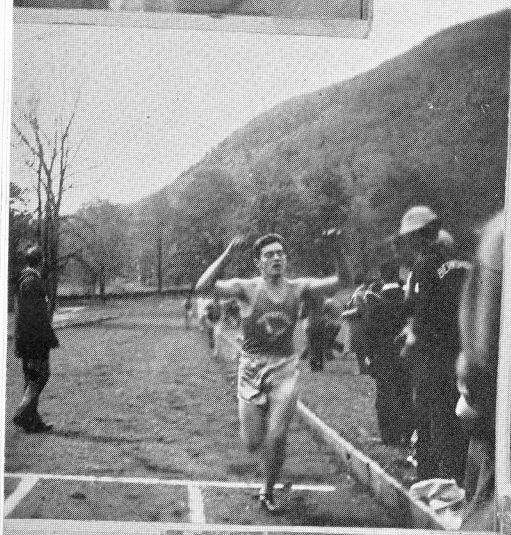

Today John Doe is faced with an even greater problem—the preservation of a democracy. This is going to be the hardest struggle that Mr. Doe has ever had to cope with. Everything that he has fought for is at stake. But he is willing to make every sacrifice necessary "in order to gain the inevitable triumph—so help us God." To do this he is buying War Savings stamps, he is facing higher tax rates, dispensing with luxuries that he would ordinarily have in time of peace, and giving up his life if necessary.

Who is this John Doe who has done so much for America? Why, he is the symbol of every American! Surely it is the John Does, working together, who have made America great. They play the leading roles in the pageant that is America's. They will always play the major roles as long as there is a government by the people. The truth of the greatness of John Doe is pointedly expressed in the quotation:

"No man is so great as mankind."

MAKE YOUR APPLIANCES LAST LONGER

HERE'S HOW

Due to wartime conditions there will be some electrical appliances you won't be able to replace for quite awhile. So, don't neglect your appliances, "keep 'em running", and in good working order.

Give your appliances the right care at home and have a competent repair man check them regularly to extend their useful lives.

To help you, I've listed a few hints on the care of appliances in the next column.

83 YEARS

Eighty-three years ago, 1859, this school was organized. Nearly fifty years of that time has been under the present management. That our work has been successful and that it has met the demand of business and government is proven by the important fact that thousands of our graduates are holding important positions in business and high positions in government.

Our courses in ACCOUNTING AND SECRETARIAL TRAINING will bear any investigation or comparison that prospective students may desire to make. The strength of our courses, our specialized instruction, the personal attention we give to the individual need of each student, and the honest efforts of a wide-awake Employment Service that gets positions means that our students will be successful.

GRADUATION

Graduation Day! The culmination of years of effort on the part of the parents as well as the student. A day that has long been anticipated and one never to be forgotten.

There should be a memento of this occasion. A **photograph** of the graduate is the answer. Think of what such a picture will be worth twenty years from now. Arrange for the sitting in advance and there will be no waiting. Special rates to graduates.
